 - b. They have more than one failing, incomplete, or medical grade in the marking period prior to the start of the season of participation.
 - i. First, second, third, and fourth grading period will be used for determining scholastic eligibility for winter, spring, and fall.

 - c. They re-enter school after withdrawing and their work or conduct at the time of withdrawal was such that they would not have been eligible in the grading period.
 - d. They did not attend school the grading period prior to the intended participation.
 - e. They are failing a class at the time of withdrawal in addition to another failure. The students shall be penalized for the withdrawal failure for one grading period only. Any first semester course or full year course dropped prior to November 15 will not be counted in determining eligibility. The date for dropping a second semester course is prior to April 15.
 - f. A multi-hour course is counted as multiple courses when determining whether a student has maintained a 2.0 average, but is counted as one course when determining the number of failed classes.
2. A student who is eligible during a grading period that does not maintain a 2.0 average or has more than one failing grade at the close of that grading period becomes ineligible to play on the day report cards are distributed.
3. A student who is ineligible in a grading period can become eligible to play no earlier than the day report cards are distributed. However, this student can become eligible to practice on the day designated as the end of that grading period in which the ineligibility occurred.
4. This regulation does not apply to incoming 9th grade students for fall eligibility. Any student who is entering the 9th grade from a middle school will be exempt from the Academic Eligibility Policy during the 1st quarter only.
