

From the Nurses Offices 2021-2022 School Year Information

Discretionary Medication Form: (light pink) Please fill out this form to allow the nurse to provide over the counter medications to your student if needed/appropriate for minor aches/pains or conditions.

Please note:

- The form must be completed and signed by a parent/guardian. Please include all medical conditions, allergies, and contact information for your student.
- Only the medications you check off will be provided to your student (if determined to be necessary by the Nurse).
- Ask your student to drop the form off to the Health Suite (nurse's office) directly.

Doctor's Orders: If your student will need to be given prescription medication during the school day, you will need a *Parent Request to Administer Medication In School form* completed by the prescribing provider (Doctor or Nurse Practitioner). This includes doctor's orders for inhalers, epi-pens, ADHD medications, migraine medications, seizure meds, etc...

Please Note the following:

- All doctors' orders for the 2021-2022 school year should be dated no earlier than July 1st, 2021.
- Please make sure the parent/guardian also signs the orders.
- All orders and medications should be hand delivered to the school nurse by the parent/guardian preferably prior to the first day of school (8/30/21). I will be available beginning 8/23/21 from 7:30am-2:30pm to receive doctor's orders and medications.
- If you are having a doctor fax a form to the school, call the health suite at 443-809-0070 to ensure we have received the form prior to bringing your student's medication(s).

Links for all forms and more information can be found on the CHS web page:

https://chesapeakehs.bcps.org/health_wellness

If your student has any new health conditions and/or changes in their health over the summer, please update the Health Suite staff at the beginning of the school year by calling the office or sending an email.

Enjoy the rest of the summer!

Thank you so much,

Amanda Kisser, BSN, RN
